Compliance Alerts

We have been unable to generate compliance alerts due to the quantity of data elements to be screened. Please [navigate to Protect](#) to conduct screening on your required parties.

Please note businesses are responsible for conducting their own KYC (Know Your Customer) checks. The Compliance Alerts generated by this report display possible matches for business or individuals. Matches are generated using many data points e.g. name, address, date of birth, possible alias, country etc. We recommend users click on each alert to view details of the potential match and use a screening tool (like Protect) to ensure that screening is conducted in line with your own business risk appetite and internal processes.
